Professional care

Evorei Sonic UV Pro is a sonic toothbrush made with reference to dentists' recommendations. The device thoroughly removes plaque and discoloration. In addition, the brush automatically turns off after 2 minutes of brushing your teeth.

The image features a sleek, black Evorei Sonic UV Pro toothbrush standing upright. The handle has two white labels: 'MASSAGE' at the top and 'GUMCARE' below it. A small, glowing green battery icon is positioned between these labels. The toothbrush is positioned above a black, conical wireless charging dock. The dock has a white 'EVOREI' logo on its front and three glowing white rings around its top. The background is a dark blue space with swirling, ethereal light patterns in shades of blue and white, creating a futuristic and high-tech atmosphere.

Antibacterial UV case

Take care of your health with Evorei Sonic UV Pro. The included special case is equipped with a UV lamp - its ultraviolet light has sterilizing properties: it kills most bacteria, fungi and viruses remaining on the head brushes. Just place the brush in the UV case and close the lid. The sterilization process takes 15 minutes.

Convenient to use

The Evorei Sonic UV Pro sonic toothbrush is easy and comfortable to use. It will automatically turn off after 2 minutes of brushing.
